INDEPENDENT AUDITOR'S REPORT

Board of Directors
Forum on Education Abroad
Carlisle, Pennsylvania

Report on the Financial Statements

We have audited the accompanying financial statements of the Forum on Education Abroad, which comprise the statements of financial position as of June 30, 2016 and 2015, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

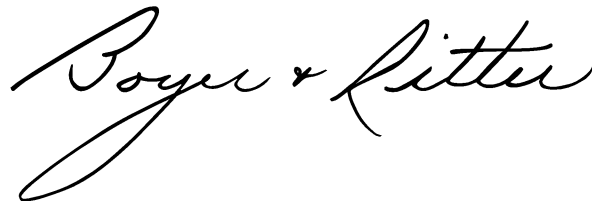

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Forum on Education Abroad, as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

FORUM ON EDUCATION ABROAD

NOTES TO FINANCIAL STATEMENTS

Note 1. Nature of Activity and Significant Accounting Policies

Nature of Activity: The Forum on Education Abroad (Forum) is the higher education association for education abroad. A 501(c)(3) non-profit association, the Forum is recognized by the U.S. Department of Justice and the Federal Trade Commission as the Standards Development Organization (SDO) for the field of education abroad. The Forum's *Standards of Good Practice* are recognized as the definitive means by which the quality of education abroad programs may be judged. The Forum's over 700 institutional members include U.S. colleges and universities, overseas institutions, consortia, agencies, provider organizations and foundations. The Forum focuses on developing and implementing standards of good practice, encouraging and supporting research initiatives, and offering educational programs and resources to its members. Its mission is to help to improve education abroad programs to benefit the students that participate in them. It is achieving this goal by establishing standards of good practice and quality assurance programs, improving education abroad curricula, and promoting data collection and outcomes assessment, all to advocate for high quality education abroad programs.

Basis of Accounting: The Forum prepares its financial statements on the accrual basis of accounting. Under the accrual basis, revenue is recognized when earned and expenses are recognized when the obligation is incurred.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses, including functional allocations during the reporting period. Actual results could differ from those estimates.

Restricted and Unrestricted Revenue and Support: Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statements of Activities as net assets released from restrictions.

In-kind contributions are recorded as support at their estimated fair value at the date of donation. The Forum reports in-kind donations as unrestricted support unless explicit donor stipulations specify how the donated assets must be used.

Accounts Receivable: Trade receivables are carried at original invoice amount less an estimate made for doubtful receivables based on a review of all outstanding amounts on a regular basis. Management determines the allowance for doubtful accounts by regularly evaluating individual customer receivables and considering a customer's financial condition, credit history, and current economic conditions. Trade receivables are written off when deemed uncollectible. Recoveries of trade receivables previously written off are recorded when received.

FORUM ON EDUCATION ABROAD

NOTES TO FINANCIAL STATEMENTS

Note 1. Nature of Activity and Significant Accounting Policies (Continued)

Promises to Give: Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of the discounts are computed using the interest method and is included in contribution revenue. Conditional promises to give are not included as support until conditions are substantially met.

Investments and Fair Value: Investments are reported at fair value with realized and unrealized gains and losses included in the Statements of Activities. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Deferred Revenue: Deferred revenue consists primarily of membership paid prior to fiscal year end for the upcoming fiscal year as well as upcoming conference sponsorships and registrations for the conference event occurring in the subsequent fiscal year paid for prior to fiscal year end.

Contributed Services: Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills, which are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at fair value in the period received.

Functional Expenses: Expenses directly related to a function are charged to that function. Expenses not directly related to a function are allocated by management to the various functions on a reasonable basis.

Income Taxes: The Forum has received exemption from income taxes as a public charity under Section 501(c)(3) of the Internal Revenue Code. On such basis, the Forum will not incur any liability for federal income taxes, except for possible income taxes on unrelated business income.

Management has assessed the Forum's exposure to income taxes at the entity level as a result of uncertain tax positions taken in current and previously filed tax returns. Examples of tax positions taken at the entity level include the continuing validity of its exempt organization status, potential filing requirement for unrelated business income and other tax positions that could result in income tax liabilities to the Forum upon examination by taxing authorities. Presently, management believes that it is more likely than not its tax position will be sustained upon examination, including any appeals and litigation, such that the Forum has no exposure to income tax liabilities from uncertain tax positions. The Forum is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress.

Subsequent Events: Subsequent events have been evaluated for potential recognition or disclosure through January 17, 2017, the date the financial statements were available to be issued.

FORUM ON EDUCATION ABROAD

NOTES TO FINANCIAL STATEMENTS

Note 2. Concentration of Credit Risk

Financial instruments that are potentially subject the Forum to concentrations of credit risk consist of principally of cash and cash equivalents. The Forum maintains its cash deposits with high credit quality, financial institutions that provide Federal Deposit Insurance Corporation (FDIC) coverage on account balances up to \$250,000. Balances in excess of FDIC insured limits totaled \$228,147 at June 30, 2016.

Interpretation of Relevant Law

FASB Staff Position No. 117-1, Endowments of Not-for-Profit Organizations: Net Asset Classifications of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act [UPMIFA] and Enhanced Disclosures for all Endowment Funds, primarily provides guidance on accounting for donor restricted endowment funds subject to UPMIFA. The state of Pennsylvania has not adopted UPMIFA. Nonprofit corporations in Pennsylvania follow Act 141. Under Act 141, a nonprofit corporation can elect to adopt and follow a "total return" investment policy, i.e., a policy to seek the best total return on the principal whether from capital appreciation, earnings or both. Pennsylvania law permits the Board of Directors to make an election to annually appropriate for expenditure a selected percentage between 2% and 7% of the fair value of the assets related to donor-restricted endowment funds averaged over a period of three or more preceding years, provided the Board has determined that such percentage is consistent with the long-term preservation of the real value of such assets.

Return Objective and Risk Parameters

The Forum has adopted investment and spending policies of the DCEF that attempts to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Under this policy the endowment assets are invested in a manner that is intended to produce results that exceed the endowment spending rate plus inflation, defined as the Consumer Price Index plus 1%, while assuming a moderate level of investment risk.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate of return objectives, the Forum relies on a total return strategy of the DCEF in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The DCEF targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

FORUM ON EDUCATION ABROAD

NOTES TO FINANCIAL STATEMENTS

Note 7. Investments/Endowment Funds (Continued)

Spending Policy

If the Forum requests it, a distribution from the Board Designated Endowment Fund will be made if the Forum's cash reserves total less than six months of estimated operating expenses. At such time, the spendable amount will be that percentage of the total Fund which the DCEF would consider available for spending from the overall DCEF under the spending policies then in effect. Any portion of the spendable amount not distributed in any year shall be added to the principal of the Forum's Board Designated Endowment Fund. The Forum may decide to withdraw a portion of or the entire amount of the Fund from the DCEF, in which case such amount will be deposited in the Forum operating account. The Forum President or Chair of the Board may authorize a withdrawal. Should the Forum withdraw its investment from the Fund, regardless of when such withdrawal occurs, the market value of the investment will be calculated as of the end of the previous month. The board approved a spending policy of 4.25% for the years ended June 30, 2016 and 2015. \$61,102 and \$37,026 were appropriated for spending in 2016 and 2015, respectively.

Note 8. Fair Value Measurements

Financial Accounting Standards Board ASC 820, *Fair Value Measurement Topic*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that is observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 8. Fair Value Measurements (Continued)

The assets that are recorded at fair value on a recurring basis consist of the investment in the DCEF. The fair value of the DCEF is derived from unitizing the fair value of the underlying investments owned by the fund. The unitized fair value is supplied to the Forum by the DCEF fund manager on a monthly basis. Inputs to the valuation methodology that are significant to the fair value measurement are unobservable and thus deemed to be Level 3 inputs.

The table below sets forth a summary of changes in the fair value of the Forum's investment in the Dickinson College Endowment Fund (Level 3 assets) for the years ended June 30, 2016 and 2015.

	2016	2015
Balance, beginning of year	\$ 1,604,846	\$ 1,406,254
